

HOW TO USE THIS BUDGET PUBLICATION

INTRODUCTION

This budget document presents information about every appropriation and revenue for each County department and program. Our goal is to present this budget in a format that is both informative and readable for a diverse audience of Albany County residents, legislators, employees and others interested in County operations. With this goal in mind, each year we refine the content and format and introduce features to ensure that the budget information you need is easy to find and presented accurately, clearly and understandably.

The section you are reading now, "How to Use This Budget Publication," is a good place to begin your examination of the budget. It briefly explains how this document is organized, describes the budget development process, and provides helpful hints for users.

THE BUDGET PROCESS

Albany County's fiscal year coincides with the calendar year, commencing on January 1st and ending on December 31st. The process for developing and adopting the annual budget is contained in Article 6 of the Albany County Charter. While the County Charter provides a specific schedule for the adoption of the budget, many other "unofficial" steps have been implemented as the budget process has evolved. The following description of Albany County's budget process therefore contains both the formal requirements contained in the County Charter and the informal processes used to comply with these requirements. Any dates for required action, however, are prescribed by the County Charter.

The County Executive sent his budget call letter to County departments in early May. This letter notifies departments of the schedule for developing the annual budget. County departments were required to develop and submit their requested budgets to the County Executive on or before June 1st. Despite this formal timeline, however, many County departments have instituted a year-round process for formulating the budget. This process is often used as a planning and financial tool to revise and refine programs.

The Department of Management and Budget reviews and analyzes these requests and makes recommendations to the County Executive. The County Executive then submits the Executive Budget to the County Legislature by October 10th.

The County Charter also contains a series of steps to be taken by the County Legislature as it deliberates on the budget. The Legislature must conduct an initial public hearing on the Executive Budget no later than October 30th. After the public hearing, the Audit and Finance Committee generally holds a series of hearings or meetings to prepare the Legislative Budget report, which contains its recommended additions and deletions to the Executive Budget. The Legislative Budget report must be filed with the Clerk of the Legislature by November 20th. A public hearing on the Legislative Budget report must be held no later than December 1st.

The entire County Legislature must meet to consider the Executive Budget and Legislative Budget report by December 8th. At this meeting, the Legislature can officially vote to make changes to the Executive Budget. If the Legislature makes no changes to the Executive Budget, then the Executive Budget automatically becomes the Adopted Budget.

Should the Legislature make any changes to the Executive Budget, the revised document is returned to the County Executive for examination and consideration. The County Executive may approve the document or return it with his/her objections to any additions or increases made by the Legislature, no later than December 12th. The County Executive may not act on any deletions or reductions made by the Legislature.

The County Legislature must act on the County Executive's objections, if any, by December 16th. A two-thirds vote by the Legislature is required to override any of the County Executive's objections. If the Legislature fails to override any objections by December 18th, the document is adopted without the additions or increases to which the County Executive objected.

HOW TO USE THIS BUDGET PUBLICATION

If for any reason a budget has not been finally adopted by the Legislature on or before December 20th, the Executive Budget, with all of the Legislature's deletions, additions, and increases to which the County Executive has not objected, becomes the Adopted Budget.

PROPERTY TAX CAP PROCESS

In order to override the 2% Property Tax Cap, the Legislature must take up a resolution, sponsored by a member, or members, of the legislature. The resolution must have a Public Hearing which is authorized through the Committee process. Once the Public Hearing has occurred, the Legislature may vote to enact the resolution.

The local law must be adopted prior to the Legislature voting to adopt the budget. If the local law fails to be adopted, and a budget contains a tax levy that exceeds the property tax cap, the excess is placed in a reserve held by the NYS Office of the State Comptroller which can not be touched by the County until the following fiscal year in which it can be used to lower the future tax levy.

BUDGET AMENDMENTS

Article 6 of the Albany County Charter contains two separate procedures for handling budget amendments. Generally, the County Executive is empowered to make minor budget amendments via a letter to the County Comptroller. In certain instances, however, a budget amendment requires approval by resolution of the County Legislature.

Legislative approval is required if the proposed budget amendment would:

- Result in an increase exceeding \$10,000 to any one line in the adopted budget;
- Affect any salary rate or salary total, except as expressly permitted by the County Charter or New York State law;
- Reflect a figure greater than five percent of the annual appropriation for an administrative unit; or
- Transfer funds between administrative units.

Legislative approval is also required to accept any grant revenues that may be realized during the fiscal year that were not accounted for in the Adopted Budget.
