BE IT ENACTED by the County Legislature of the County of Albany as follows:

Section 1. Legislative Intent.

This Legislature hereby finds and determines that in the event of a natural or man-made disaster, the residents of Albany County may avail themselves of emergency shelters set up by the Albany County Sheriff’s Department or established by any other emergency services organization.

This Legislature also determines that during an emergency, registered sex offenders could be housed in close proximity to children and those operating the shelter would not be aware of this potentially dangerous situation.

This Legislature further finds and determines that in order to protect the residents of Albany County, particularly children, registered sex offenders should not be housed in a general population emergency shelter, but rather, should be placed in a separate facility during a public emergency.

Therefore, the purpose of this law is to require sex offenders to disclose their status when checking into an emergency shelter. Further, this law will mandate responsible county departments to maintain a separate shelter for sex offenders and require the removal of sex offenders to this shelter to the fullest extent practicable.
